NATURE'S BAROMETER. — Chickweed is an excellent barometer. When the flower expands fully, we are not to expect rain for several hours; should it continue in that state, no rain will disturb the summer's day. When it half conceals its miniature flower, the day is generally showery; but if it entirely shuts up, or veils the white flower with its green mantle, let the traveler get his umbrella.

ST. GOTHARD. — Among the wonderful enterprises of our day, few excel the cutting of a tunnel through the Alps under the famed Swiss pass of St. Gothard. Passengers now go by rail through the mountain between Switzerland and Italy. This tunnel was commenced in 1872. It is nine and one-third miles in length, and 5,000 tons of dynamite were used in blasting. The entire road cost \$57,800,000, and it is proposed to run the trains through the tunnel by electricity.

AN INCH OF WATER. — After a drought our papers reported the fall of a half-inch of water. The half-inch the next day became an inch. This sounded like a small matter, but the "thirsty ground" will show another story. Let us calculate a little. An acre is equal to 6,272,640 square inches; an inch deep of water on this area will be as many cubic inches of water, which, at 277,274 to the gallon, is 22,622 gallons. This quantity weighs over 113 tons. At 640 acres to the square mile, this would make a fall, on a district one hundred miles square, of 723,200,000 tons of water. Not so insignificant after all!

FIRE-CRACKERS. — The insurance companies say that all the fireworks imported since January 1, 1865, amount, at invoice value, to \$1,500,000, and that at only two fires, directly occasioned by them, the loss was \$15,000,000. In fact, for every single dollar's worth of fire-crackers imported there is a loss occasioned by them of \$100. The loss on the Centennial Fourth of July alone was \$154,574. Now the question arises, is an intelligent nation willing to go on paying one hundred dollars for every dollar's worth of pleasure in the fire-cracker line? Is there no more rational way of testifying gratitude for independence than letting off crackers in the streets, and thereby scattering firebrands and sometimes death?

**POSTAL RATES AND REGULATIONS.**

Domestic mail matter is divided into four classes:

- First* — Written matter.  
*Second* — Periodical publications.  
*Third* — Miscellaneous printed matter.  
*Fourth* — Merchandise.

**FIRST CLASS MATTER** embraces letters, postal cards, and all matter wholly or partly in writing and all matter sealed or closed against inspection, except as follows: 1. Corrected proof-sheets and manuscript copy accompanying the same. 2. Date and name of the addressed and of the sender of circulars, and the correction of mere typographical errors therein. 3. Bills, receipts, and orders for subscription inclosed in second-class publications, provided such bills, receipt, and orders shall be in such form as to convey no other information than the name, location, and subscription price of the publication or publications to which they refer. 4. The name and address of the person to whom second-class matter may be sent, and index figure of a subscription book, and words or figures, or both, indicating the date on which the subscription to such matter will end. 5. Upon matter of the third-class, or upon the wrapper inclosing the same, the sender may write his own name or address, with the word "from" above and preceding the same, and in either case may make simple-marks, intended to designate a word or passage of the text, to which it is desired to call attention. 6. There may be placed upon the cover or blank leaves of any book, or of any printed matter of the third-class, a simple manuscript dedication or inscription; such dedication or inscription must be confined to a simple address or consignment of such book or other printed matter, as a mark of respect, and must not contain anything that partakes of the nature of a personal correspondence. 7. Upon matter of the fourth class, the sender may write his own name and address preceded by the word "from" and also the number and names of the articles inclosed. He may also write upon or attach to any such articles, by tag or label, a mark or number, name or letter, for purpose of identification.

**POSTAGE** on first-class matter must be prepaid at the rate of three cents for each half ounce or fraction thereof; except that on "postal cards" the postage is one cent each, and on "local" or "drop-letters" postage is two cents per half ounce or fraction thereof, including delivery at letter-carrier offices, and one cent for each half ounce or fraction thereof, where free delivery by carrier is not established.

First-class matter, except postal cards or drop-letters, deposited in any post-office wholly unpaid, or

having only a one cent or two cent stamp affixed will be "held for postage," and unless the postmaster is able to communicate the fact to the sender, the package must be sent to the Dead-Letter Office. Should such wholly unpaid or insufficiently prepaid matter, through inadvertence, reach its destination, it is the duty of the delivering postmaster to collect on wholly unpaid matter *double postage*, and on insufficiently prepaid matter the ordinary letter rates, giving credit for the amount which may have been prepaid thereon.

**Forwarding Letters Free.**

Prepaid and free letters are forwarded from one post-office to another, at the request of the persons addressed, without additional postage. A letter which has been once delivered at its address can be remailed from the same office to which it was originally addressed to a new address without the prepayment of additional postage if it has not been opened. Drop-letters when forwarded by mail to another post-office, must be prepaid at 3 cents per half ounce. No mail matter, except letters or postal cards, can be forwarded to a new address except on prepayment of postage by stamps at regular rates.

**Registration.**

Mail matter of all kinds can be registered to any part of the United States and Territories and to foreign countries, on payment of a registration fee of 10 cents. All registration fees must be paid by stamps, and the postage on all registered matter must also be prepaid in full by stamps. The public are desired by the post-office never to send money or valuable articles in unregistered letters. Postmasters at all post-offices are obliged to register letters and packages when requested to do so.

**SECOND-CLASS MATTER.**

**Regular publications** — This class includes all newspapers, periodicals, or matter exclusively in print and regularly issued at stated periods from a known office of publication or news-agency, except regular publications designed primarily for advertising purposes, or for free circulation, or for circulation at nominal rates. Second class-matter can only be mailed by publishers or newsdealers. Postage two cents a pound or fraction thereof. Weight of packages not limited.

**THIRD-CLASS MATTER.**

Mail-matter of the third class embraces books (printed and blank), transient newspapers and periodicals, circulars, and other matter wholly in print,

proof-sheets and corrected proofsheets and manuscript copy accompanying the same, hand-bills, posters, chromo-lithographs, engravings, heliotypes, lithographic and stereoscopic views, with title written thereon, printed blanks, printed cards, and reproductions from circulars or other matter produced by the electric pen, papyrograph, metallo-graph, hectograph, chirograph or copygraph process; and postage shall be paid thereon at the rate of one cent for each two ounces or fractional part thereof.

Upon matter of the third class, or upon the wrapper inclosing the same, the sender may write his own name or address, with the word "from" above and preceding the same, and in either case may make simple marks intended to designate a word or passage of the text to which it is desired to call attention. There may be placed upon the cover or blank leaves of any book or of any printed matter of the third class a simple manuscript dedication or inscription that does not partake of the nature of a personal correspondence.

The "nature of a personal correspondence" referred to in the preceding section cannot be ascribed to the following, viz.: 1st. To the signature of the sender or to the designation of his name, of his profession, of his rank, or place of origin, and of the date of dispatch. 2d. To a dedication or mark of respect offered by the sender. 3d. To the figures or signs merely intended to mark the passage or a text in order to call attention to them. 4th. To instructions or requests to postmasters to notify the sender in case of the nondelivery of matter, so that he may send postage for its return. Lastly, to annotations or corrections made upon proofs of printing or musical compositions, and relating to the text or to the execution of the work.

All packages of matter of the third class must be so wrapped, with open sides or ends, that their contents may be readily examined by postmasters.

The limit of weight of packages is four pounds, except in cases of single volumes of books in excess of said weight, and books and documents published or circulated by order of Congress, or official matter emanating from any of the departments of the government, or from the Smithsonian Institution.

#### FOURTH-CLASS MATTER.

Mailable matter, of the fourth class embraces blank cards, card-board and other flexible material, flexible patterns, letter envelopes and letter paper without printing thereon, merchandise, models, ornamented paper, sample cards, samples of ores, metals, minerals, seeds, cuttings, bulbs, roots, scions, printed envelopes, original paintings in oil or water colors, and any other matter not included in the first, second, or third classes, and which is not in its form or nature liable to destroy, deface or otherwise damage the contents of the mail bag, or harm the person of any one engaged in the postal service. Postage rate thereon, one cent for each ounce or fractional part thereof.

Other articles of the fourth class, which, unless properly secured, might destroy, deface, or otherwise damage the contents of the mail bag, or harm the person of any one engaged in the postal service, may be transmitted in the mails when they conform to the following conditions: 1st. They must be placed in a bag, box, or removable envelope made of paper, cloth, or parchment. 2d. Such bag, box or envelope must again be placed in a box or tube made of metal or some hard wood, with sliding, clasp, or screw lid. 3d. In case of articles liable to break, the inside box, bag, or envelope, must be surrounded by

sawdust, cotton or spongy substance. 4th. In case of sharp-pointed instruments, the points must be capped or encased, so that they may not by any means be liable to cut through their inclosure; and where they have blades, such blades must be bound with wire, so that they shall remain firmly attached to each other. 5th. The whole must be capable of easy inspection. Seeds or other articles not prohibited, which are liable from their form or nature to loss or damage, unless specially protected, may be put up in sealed envelopes, provided such envelopes are made of material sufficiently transparent to show the contents clearly without opening.

Upon any package of matter of the fourth class the sender may write or print his own name and address, preceded by the word "from," and there may also be written or printed the number and names of the articles inclosed; and the sender thereof may write or print upon, or attach to any such articles, by tag or label, a mark, number, name or letter for purpose of identification.

The limit of weight of packages is four pounds.

#### UNMAILABLE.

Liquids, poisons, explosive and inflammable articles, fatty substances easily liquifiable, live or dead animals (not stuffed), insects and reptiles, except queen-bees when safely secured, fruits or vegetable matter, pastes or confections, and substances exhaling a bad odor; and every letter upon the envelope of which, or postal card upon which, indecent, lewd, obscene or lascivious delineations, epithets, terms or language may be written or printed, and all matter concerning lotteries, so-called gift concerts, or other similar enterprises offering prizes, or concerning schemes devised and intended to defraud the public, or for the purpose of obtaining money under false pretenses.

#### Postal Cards

may be procured at any post-office, at a cost of one cent each. The message, etc., must be always written on the back of the card. Nothing whatever must be attached to the card. Postal cards will be forwarded from one office to another in case of removal of the person addressed, but will in no case be returned to the writer, nor advertised.

#### Domestic Money Orders

are issued at any money-order post-offices in the United States, payable at any other money-order post-office, in sums of not more than \$50. Larger amounts can be sent to the same person by additional orders. RATES: On orders not exceeding \$15, 1c cents; over \$15 and not exceeding \$30, 15 cents; over \$30 and not exceeding \$40, 20 cents; over \$40 and not exceeding \$50, 25 cents.

#### Foreign Money Orders.

At the principal money-order post-office in the United States (including all the larger post-offices), money orders, payable at money-order post-offices in Great Britain, Ireland and Switzerland, may be procured at the following rates: On orders not exceeding \$10, 25 cents; over \$10 and not exceeding \$20, 50 cents; over \$20 and not exceeding \$30, 75 cents; over \$30 and not exceeding \$40, \$1; over \$40 and not exceeding \$50, \$1.25. Orders can also be obtained on Germany at the following rates: On orders not exceeding \$5, 15 cents; over \$5 and not exceeding \$10, 25 cents; over \$10 and not exceeding \$20, 50 cents; over \$20 and not exceeding \$30, 75 cents; over \$30 and not exceeding \$40, \$1; over \$40 and not exceeding \$50, \$1.25.

#### POSTAL FINANCES.

The total disbursements for postal service during the year were.....	\$40,482,021 23
The total ordinary receipts, and receipts from money orders were .....	41,876,410 15

Excess of receipts, over expenditures, was..... \$1,394,388 92

For the first time in thirty-one years the postal service is not a burden upon the Treasury. The sum of \$442,386.48, paid for service of previous years, should, however, be deducted from the disbursements, and \$323,550.46, still due for last year's service, added to the receipts. Adding, also, \$1,178,174.05, earnings of the Pacific Railway Companies, but not paid to the department, leaves the excess of earnings but \$330,050.89. The estimated excess of revenue, for the current fiscal year, is \$3,929,345.02.

XLVII<sup>TH</sup> CONGRESS.

The Constitution requires nine years' citizenship to qualify for admission to the Senate, and seven years to the House of Representatives. An act approved July 26, 1866, requires the Legislature of each State, which shall be chosen next preceding the expiration of any Senatorial term, on the second Tuesday after its first meeting, to elect a successor, each House nominating *viva voce*, and then convening in joint Assembly to compare nominations. In case of agreement, such person shall be declared duly elected; and if they do not agree, then balloting to continue from day to day, at 12 m., during the session, until choice has been made. Vacancies are to be filled in like manner. The members of each House receive a salary of \$5,000 per annum, and mileage at the rate of twenty cents per mile. For each day's absence, except when caused by sickness, \$5 per diem is deducted from the salary. The President *pro tem.* of the Senate receives the same compensation as the Vice-President. The Speaker of the House of Representatives receives double the salary of a member.

SENATE — 76 MEMBERS.

DAVID DAVIS, of Illinois, *President pro tempore.*

FRANCIS E. SHOBER, *Acting Secretary.*

### ABSTRACTS OF PUBLIC ACTS.

PASSED AT THE FIRST SESSION OF THE FORTY-SEVENTH CONGRESS.

#### SUPPRESSION OF POLYGAMY.

Imposes a penalty of \$500 and imprisonment not exceeding five years for every person guilty of polygamy, and makes the cohabitation in any territory, of any male person with more than one woman, a misdemeanor, punishable by fine or imprisonment, or both, and the fact that any person has been living in the practice of bigamy, polygamy or unlawful cohabitation is a sufficient cause of disqualification for jury service, but in case of challenge the person's answer shall not be used as evidence against him in any criminal prosecution. The President is authorized to grant amnesty to persons guilty of the offenses referred to before the passage of the act, and the issue of all Mormon marriages born before January 1, 1883, are legitimated. All persons guilty of the offenses named in the act are disqualified as voters, and for holding territorial or Federal offices or places of trust. All registration and election officers in the territory of Utah are vacated, and the conduct of elections, and the duties connected therewith, are devolved upon a board of five persons, appointed by the President, until the legislative assembly of the territory shall provide for filling the offices conformably to the act. (Approved March 22, 1882.)

#### CHINESE IMMIGRATION.

Suspends the immigration of Chinese laborers for ten years after the expiration of ninety days from the passage of the act, exempting, however, such Chinese laborers who were in the United States on the 17th of November, 1880, or who arrived before the expiration of the ninety days. The violation of any of the provisions of the act by the master of any vessel is made a misdemeanor, punishable by fine and imprisonment. Exception is made where such violation is caused by stress of weather, in which

case the Chinese laborers brought by such vessel shall depart with it on leaving port. Provision is made for the identification and certification of Chinese laborers who were in the United States November 17, 1880, and before the expiration of ninety days after the passage of the act, and they are allowed to go from or come to the United States of their own free will, as provided in treaty stipulations. (Approved May 6, 1882.)

#### CONGRESSIONAL APPORTIONMENT.

Apportions the Representatives, among the several States, as follows: Alabama, 8; Arkansas, 5; California, 6; Colorado, 1; Connecticut, 4; Delaware, 1; Florida, 2; Georgia, 10; Illinois, 20; Indiana, 13; Iowa, 11; Kansas, 7; Kentucky, 11; Louisiana, 6; Maine, 4; Maryland, 6; Massachusetts, 12; Michigan, 11; Minnesota, 5; Mississippi, 7; Missouri, 14; Nebraska, 3; Nevada, 1; New Hampshire, 2; New Jersey, 7; New York, 34; North Carolina, 9; Ohio, 21; Oregon, 1; Pennsylvania, 28; Rhode Island, 2; South Carolina, 7; Tennessee, 10; Texas, 11; Vermont, 2; Virginia, 10; West Virginia, 4; Wisconsin, 9—Total, 325. (Approved February 25, 1882.)

#### ALABAMA CLAIMS COMMISSION.

Re-establishes the Court of Commissioners of Alabama Claims for the purpose of examining and adjudicating (1) claims directly resulting from damage done on the high seas by Confederate cruisers during the late rebellion, including vessels and cargoes attacked on the high seas, although the loss or damage occurred within four miles of the shore, excluding claims which have been proved pursuant to section eleven of the original act; and (2) claims for the payment of premiums for war risks, whether paid to corporations, agents or individuals, after the sailing

of any confederate cruiser; the whole amount to be paid out under the decisions of the commission not to exceed the amount remaining of the Geneva award and interest. (Approved June 5, 1882.)

#### RETIRED ARMY OFFICERS.

(Clause of Army Bill.) When an officer has served forty years either as an officer or soldier in the regular or volunteer service, or both, he shall, if he make application therefor to the President, be retired from actual service and placed on the retired list, and, when an officer is sixty-four years of age, he shall be retired from active service and placed on the retired list. *Provided*, That the General of the Army, when retired, shall be retired without reduction in his current pay and allowance. (Approved June 30, 1882.)

#### PENSIONS.

Amends the revised statutes so as to provide for the payment of invalid pensions to the widow, and in case of her death or marriage to the child or children of the pensioner under 16 years of age, such pensions to commence from the death of the husband or father. Open and adulterous cohabitation of a widow shall operate to terminate her pension from the day of such cohabitation. (Approved August 7, 1882.)

In case of an insane invalid pensioner or a pensioner imprisoned for offenses against the laws, having no guardian, but having a wife or children dependent upon him (the wife being of good character) the pension may be paid to the wife or the guardian of the children. Pensions to Indian pensioners, residing in Indian territory, may be paid in person by the pension agent, in standard silver, at least once in each year, and payments in person are to be made in the discretion of the commissioner of pensions whenever deemed necessary or proper to secure to the pensioner his rights. (Approved August 8, 1882.)

#### SOLDIERS' PAY AND BOUNTY.

Provides for the removal of the charge of desertion against any soldier on satisfactory testimony, and the payment of all withheld pay or bounty to such soldier or his heirs, except for the time such soldier was absent from his command without leave, the act not to apply to soldiers who served less than 12 (6) months, or those who intentionally deserted. (Approved August 7, 1882.)

#### INDIANS.

Any person other than an Indian of full blood, who shall attempt to reside in the Indian country, or any reservation to trade therein, without license, shall forfeit all merchandise in his possession and be liable to a penalty of \$500, provided that this section is not to apply to persons trading with the five civilized tribes residing in said territory and belonging to the Union agency. (Approved July 31, 1882.)

Authorizes the setting aside, for the purpose of normal and training schools for Indian youth, any vacant barracks not required for military occupation, and the detailing of army officers for duty in connection with Indian education. (Approved July 31, 1882.)

Authorizes the President to appoint a person to inspect Indian schools, and report plans and estimates for carrying into effect treaty stipulations for the education of Indians, and also plans and estimates for the education of all Indian youths for whom no such provision exists. (Approved May 17, 1882.)

#### CARRIAGE OF PASSENGERS BY SEA.

Makes numerous provisions for the safety, health and comfort of passengers in steamships and sailing vessels, requiring, among other things, a space of one hundred cubic feet of clear space for each adult in steam vessels. The births must be separated by partitions being in not more than two tiers on one deck, and at least two or four feet wide and six feet long; the unmarried male and female passengers to be separated, respectively, in compartments by themselves. The decks and compartments are to be well ventilated and provided with various specified appliances conducive to comfort and health. Wholesome food to the quantity of one and a half navy rations per day must be provided at regular hours, together with milk or condensed milk for infants and young

children. Suitable hospital space for both sexes is to be provided, and every steamship carrying immigrant passengers, exceeding fifty in number, must carry a duly qualified and competent surgeon, provided with all necessary medical and surgical appliances. The masters of such vessels are authorized to make and enforce suitable regulations for the maintenance of discipline and cleanliness. (Approved August 2, 1882.)

#### IMMIGRATION.

Provides for the levying and collecting of a duty of fifty cents on every passenger not a citizen of the United States, who shall come by steam or sail vessel from a foreign port to any port within the United States, the money thus collected to be paid into the treasury and constitute a fund, to be called the Immigrant fund, to be used under the direction of the Secretary of the Treasury, to defray the expense of regulating immigration and for the care of immigrants arriving in the United States, and for the relief of such as are in distress, etc.; provided, that no greater sum shall be expended at any port than shall have been collected at such port. The Secretary of the Treasury is charged with the duty of regulating the business of immigration, and may enter into contracts with State commissioners or boards for that purpose and prescribe rules and regulations for the protection of the United States and immigrants into the United States from fraud and loss, and for carrying out the immigration laws; all foreign convicts except those convicted of political offenses, upon arrival, shall be sent back to the nations to which they belong and from whence they came. The expense of such return shall be borne by the owners of the vessels in which they came. (Approved August 3, 1882.)

#### NATIONAL BANK CHARTERS.

Authorizes National Banks, within two years next previous to the date of the expiration of their corporate existence, to extend their period of succession for a term of not more than twenty years from such expiration. The jurisdiction for suits brought by or against national banks, except suits between them and the United States or its officers, shall be the same as in case of banks not organized under the laws of the United States. The circulating notes of national banking associations so extended, issued prior to extension, shall be redeemed as provided by the act of 1874, and as such notes are redeemed, or lawful money deposited therefor, new circulating notes shall be issued bearing such devices as shall distinguish them from those heretofore issued. The amount of such circulating notes shall not, in any case, exceed 90 per cent of the par value of the United States bonds deposited with the Treasurer of the United States. National banks may withdraw their circulation by depositing lawful money and withdrawing a proportionate amount of bonds to an extent not exceeding \$3,000,000, during any calendar month. The Secretary of the Treasury is authorized to receive 3½ per cent bonds and exchange therefor 3 per cent bonds, to be exempt from taxation and payable at pleasure, such bonds not to be called in and paid so long as bonds bearing a higher rate of interest and redeemable at pleasure shall be outstanding. The secretary is authorized to receive deposits of gold coin in sums not less than \$20, and issue certificates therefor, the coin to be retained for payment of the same on demand. (Approved July 12, 1882.)

#### NEWBURGH MEMORIAL

Resolutions appointing a joint committee of five Senators and eight Representatives to make arrangements for a fitting celebration of the centennial ceremonies commemorative of Washington's refusal to accept a crown, the proclamation of peace, the disbandment of the army, and other notable revolutionary events, to be held at Washington's Headquarters, in the city of Newburgh, N. Y., in the year 1833. The expenditure of \$10,000 in the erection of a suitable monument or column on the grounds known as Washington's Headquarters, is authorized, and for this purpose, and to aid in defraying the expenses of the celebration, the sum of \$25,000 is appropriated. (Approved July 1, 1882.)

Total vote, 1882 (including 4,342 Republican, and 29 scattering), 198,547; 1881, 213,527; 1880 (including 31,484 Readjuster, 516 Greenback and 440 Independent), 212,681.

The vote for Attorney-General in 1881 indicates more nearly the strength of the Readjuster and Funder parties than that for Governor, and the figures given above are certified as correct by the State Canvassers. The vote for Governor and Lieutenant-Governor was canvassed by a legislative committee and contained serious errors. The footings were as follows: Governor, Readj., 111,473; Funder, Dem., 99,757; Readj. maj., 11,716; Lieutenant-Governor, Readj., 111,259; Funder Dem., 99,629; scattering, 2,100; Readj. maj., 11,630.

An amendment to the Constitution, abolishing the clause requiring the payment of one dollar poll-tax as a pre-requisite to voting was adopted by a vote of 107,303 for, and 66,131 against; majority for, 41,172.

## TERMS OF THE COURT OF APPEALS.

Regular term, January 16, 1883, with such recesses from time to time as the court may direct.

## Justices of the Supreme Court.

The Supreme Court consists of thirty-four Justices. The State is divided into eight judicial districts, and four Justices are elected in each, except the first and second, which each elect five. Elections for Justices of the Supreme Court are held every alternate odd year. As fast as the terms of Justices expire, elections take place for a term of fourteen years. For General Term purposes, the State is divided into Judicial Departments. The Governor designates the Justices to hold the General Terms. In each department there is a Presiding Justice, who holds office during the term for which he was elected to the bench, and two associates, who hold office for five years, unless the terms for which they were elected sooner expire. The Justices receive a salary of \$6,000 per annum, and an annual allowance for expenses.

GENERAL TERMS OF THE SUPREME COURT FOR 1883 AND 1884.

Chapter 408 of the Session Laws of 1870 divides the State into four Judicial departments. In pursuance of chapter 766, Laws of 1871, as amended by chapter 778, Laws of 1872, the justices appointed to hold general terms in the several departments have designated the following times and places for holding the same:

*First Department*—On the first Mondays of January, March, May and October, at the Court House in the city of New York.

*Second Department*—On the second Monday of February, at the Court House in Kings county; on the second Monday of May, at the Court House in Poughkeepsie; on the second Monday of September, at the Court House in Kings county; on the second Monday of December, at the Court House in Kings county.

*Third Department*—On the fourth Tuesday in January, in the city of Albany; on the first Tuesday in May, at the Court House in Binghamton; on the second Tuesday in September, at the Town Hall in Saratoga Springs; on the third Tuesday in November, in the city of Albany.

*Fourth Department*—At the Court House in Utica on the second Tuesday in January, 1883; at the Court House in Syracuse on the second Tuesday in January, 1884; at the Court House in Rochester on the last Tuesday in March, and first Tuesday in October, 1883 and 1884; at the Court House in Buffalo on the second Tuesday in June, 1883 and 1884.

Special Terms and Circuits remain, and are to be held according to existing appointments, which will be found on calendar pages.

## NEW YORK LEGISLATURE.

## SENATE.

The Senate consists of 32 members, who are elected in November of every alternate odd numbered year, and hold their office for two years from the first of January next succeeding. The State is divided into 32 districts, each electing one Senator. The Senators receive an annual salary of \$1,500, and also \$1 for each ten miles of travel in going to or returning from the place of meeting once in each session. Ten dollars per day in addition is allowed when the Senate alone is convened in extraordinary session, or when acting as a court for the trial of impeachments. The Lieutenant-Governor is *ex-officio* President of the Senate.

DAVID B. HILL (Dem.), *President*.

JOHN C. JACOBS (Dem.), *President pro tempore*.

JOHN W. VROOMAN (Rep.), *Clerk*.

## First District.

(Suffolk and Queens counties. Population, 136,219.)

**CHARLES L. MACARTHUR** (Rep.), of Troy, Mr. M. was born in Claremont, N. H., January 1, 1824, of Scotch parentage on his father's side and New England on the mother's. He was educated at common schools and at Black River Institute, Watertown, and is also a graduate of the printing office; is editor of the Troy *Northern Budget*. Since early life he has been connected with journalism, as reporter, editor and publisher. Previous to his connection with the *Budget* he acted as reporter on the *Detroit Free Press*, *New York Sun*, and other papers. In 1847, with Hon. John M. Francis, he purchased the *Troy Daily Budget*, and continued with it until 1859, visiting Europe meantime and writing a series of letters. He then established the *Troy Daily Arena*, but sold it in 1861 to enter the army. Taking a prominent part in the organization of the Second New York Volunteers, he was appointed Regimental Quartermaster, with the rank of First Lieutenant. The regiment was the first to cross into Virginia from Fortress Monroe. He was appointed Captain and Assistant Quartermaster in the Regular Army by President Lincoln; served as Brigade, Division and Corps

Quartermaster, received Brevet promotion to Colonel from Gov. Fenton, and participated in most of the campaigns and battles in the Virginia peninsula. In the fall of 1864 he established the *Troy News*, the pioneer of Sunday papers in this State outside of New York, and relinquished it in 1866 to become one of the editors and proprietors of the *Troy Daily Whig*. The *Daily Budget* having died during the war, in 1869 he re-established the *Northern Budget* as a Sunday journal, and has successfully conducted it until the present time, now having his son associated with him in the management of the paper. Mr. M. was a Free Soiler in 1848, and remained a Democrat until the opening of the war. He was a member of the Democratic Central Committee several years, a Delegate to the National Convention of 1856, and frequently a Delegate to State Conventions. He was Alderman of the second ward of Troy, and for a number of years, under Democratic rule, was Collector of the port of Troy. Since 1860 he has been a Republican, and continued to hold the Collectorship until the office was abolished. He was elected to the Senate by a majority of 1,142 over Lyman H. Northup (Dem.) The Republican plurality in 1879 was 2,499. Mr. M. ran largely ahead of his ticket in both counties of his district.

**Herkimer County.**

Population, in 1865, 39,154; in 1875, 41,692.

**GEORGE W. SMITH** (Dem.), of Herkimer. Mr. S. was born at Salisbury, Herkimer county, Sept. 12,

1824. His ancestors lived in the town of Norway in that county, and his father, Samuel Smith, is living at Salisbury at the age of nearly eighty-three years; he is a descendant on his mother's side of Alexander McDonald, who came from Ireland and served in the British army under Lord Cornwallis, and after the war settled in Trenton, Oneida county. The subject of this sketch received an academic education at Fairfield Academy, and, during his early years, he was engaged in farming, lumbering, tanning and shoemaking. From 1844 to 1847 he studied law in the offices of Capron & Lake, Little Falls, and Ezra Graves, Herkimer, and was admitted to the bar in 1848. In 1845 he was editor of the *Herkimer Journal*, and continued its editor for three years, and was for two years one of the publishers, the firm name being Helmer & Smith. In January, 1848, he assumed the editorial charge of the *Northern State Journal*, and in September of that year became one of its proprietors, when it was published one year under the firm name of Smith & Noble. The succeeding year, Mr. Clark having purchased the interest of Mr. Noble, the *Journal* was published by Smith & Clark. Mr. Smith subsequently sold his interest, but continued as editor until September 10, 1851. On the recommendation of Thurlow Weed, he was offered the position of editor of the *Wisconsin State Journal*, but declined the position on account of ill health. He has been a Democrat since 1868, and previous to that was a Whig and Republican. In 1850 he represented the county of Jefferson in the Whig State Convention, which was sharply divided on the question of sustaining Mr. Seward's course in the Senate. Resolutions were reported which indorsed President Fillmore without alluding to Senator Seward. The report of the committee was unanimous with a single exception, A. B. Dickinson, of Steuben. Through the efforts of Mr. Seward's friends the report was tabled, and finally resolutions approving Mr. Seward's course were introduced and adopted by a vote of 75 to 49, when the opposition, among whom were the president, Francis Granger, and his Silver Gray associates, left the hall. Mr. Smith took a leading part in the Convention on behalf of Mr. Seward, and the Senator soon after sent him a letter of thanks for his aid at a time which he characterized as the most critical period of his public life. Since January, 1852, he has been engaged in the practice of the law at Boonville, N. Y. In 1853 he directed public attention by articles in the *Boonville Ledger*, to the project of connecting the Mohawk Valley with the St. Lawrence by railway, with Herkimer as one of the termini. Largely through his influence and exertions a company was formed to build a railway from Herkimer to Clayton, but it was subsequently abandoned, and the Rome route was finally decided upon. In 1854 he was actively engaged in the celebrated Congressional contest in Oneida county, between Matteson and Huntington, supporting Matteson by the pen and on the stump, and Mr. Matteson was elected. In 1854 he was for several months the principal editor of the *Utica Morning Herald*. In 1855, on the formation of the Republican party, it held a convention at Rome at the same time that conventions of the Matteson and Huntington factions of the Whig party met at that place, the purpose being to unite upon a joint ticket, and he was nominated for State Senator by the Republican and Matteson conventions, but being bitterly opposed by the Huntington men, who embraced almost the entire body of the old Whig leaders, on account of his action the previous year, a compromise became necessary, and his name was withdrawn. The same year he was nominated by the Republicans and Whigs for Member of Assembly from the fourth district of Oneida county, but was defeated, receiving, however, the same vote that was given Preston King, the Republican candidate for Secretary of State. In 1856 he spent much time in the Fremont canvass, addressing numerous Republican meetings. In 1859 he was elected County Judge of Oneida county, and was re-elected in 1863. On the breaking out of the war, he addressed numerous Union meetings in the central and northern counties of the State. In the fall of 1863, he canvassed the

western part of the State at the request of the Republican State Committee, and was assigned by that committee to canvass the State of New Hampshire. From 1866 to 1869, inclusive, he contributed largely to the Democratic press in support of the general policy of the Democratic party. In 1868 he was actively engaged in the canvass in favor of Horatio Seymour, in 1872 for Horace Greeley, in 1876 for Samuel J. Tilden, and in 1880 for Winfield S. Hancock. In 1876, he was the Democratic candidate for Representative in Congress from the Twenty-second District. He made sixty speeches in this campaign, and circulated 18,000 copies of an address to the electors touching the charges upon which he was removed from the office of County Judge. The district was strongly Republican, and he was defeated, but received a much larger vote than had ever been cast in that district for any preceding Democratic candidate. In 1880 he was a delegate to the Democratic National Convention at Cincinnati, and gave the first vote in the State delegation for the nomination of General Hancock. He was elected to the Assembly by a majority of 121 over A. M. Ross (Rep.), who was elected to the last House by a majority of 969. Mr. Smith is the first Democratic Assemblyman elected from Herkimer county since 1855.

### Jefferson County.

Mr. C. was born at South Hadley, Mass., March 8, 1848. His ancestors have lived in the Connecticut Valley, in and near Springfield, Hadley, Northampton, etc., since 1630. He was educated in high schools at Keene, N. H., and Rutland, Vt., Greylock Institute, Williams College, graduating in 1869, and Harvard Law School, graduating in 1871. Since then he has practiced law in New York city. During his college life he was an active member of the Alpha Delta Phi Society. He is president of the Young Men's Democratic Club of Brooklyn. He was a member of the last House, serving as chairman of the Special Committee on Insolvent Life Insurance Receiverships, and member of the Committees on Judiciary, Public Education and Two-Thirds and Three-Fifths Bills, and during the session being identified with the Chapin primary election law for Brooklyn, the constitutional amendments relating to cities, the Five cent Fare Bill, the Westbrook investigation and other important matters; and was re-elected by a majority of 3,650 over Wm. J. Mann (Rep.) His majority in 1881 was 1,743. The Republican majority in 1880 was 1,743. Mr. Chapin is Speaker of the present House.

12TH DISTRICT. (25th ward of Brooklyn, and towns of New Lots, Flatlands, Flatbush, Gravesend and New Utrecht.) MORTIMER C. EARL (Dem.), of Brooklyn (699 Quincy street.) Mr. E. was born in Westchester county, N. Y., January 12, 1840; educated at public schools in New York and Sing Sing, and Fort Edward Institute, and is a journalist. At the age of 19 he entered the office of the Hudson

River Chronicle, then the leading Democratic journal of Westchester county, and subsequently became its publisher. At the outbreak of the rebellion he entered the army as Sergeant-Major of the Fortieth (Mozart) N. Y. Vols., being mustered into the United States service on July 3, 1861. The regiment was sent to Alexandria, Va., and guarded that place during the first Bull Run disaster. His regiment was subsequently sent to the peninsula as a part of McClellan's army. He participated in the siege of Yorktown and the battle of Williamsburgh, when he was promoted to Second Lieutenant, receiving his commission June 10, 1862. He was engaged in the subsequent battles of Fair Oaks and Seven Pines. Becoming prostrated by the swamp fever, he accompanied the army on its retreat through the Seven Days' battles, and at Harrison's Landing resigned, and was honorably discharged on account of disability. Recovering in the following fall, on the 19th of December, 1862, he re-enlisted as First Sergeant in the 176th N. Y. Vols. from Brooklyn, and accompanied the Banks' expedition to New Orleans. In April, 1863, while stationed at Thibadoux, La., he was permanently disabled by a bad fracture of the right ankle bones. Previous to that he started a small Union paper there out of the wreck of a rebel printing office. While crippled, during an advance of the enemy on June 20, 1863, as one of a mounted force, he participated in a severe skirmish at Thibadoux, and on the next day was in the battle of La Fourche crossing. He was honorably discharged from the St. Louis Hospital at New Orleans, on account of the disability on September 29, 1863. During his service in Louisiana he occasionally acted as correspondent of the New York Sunday Mercury. Upon returning home he became an active Republican in Brooklyn, and continued as such until 1872, returning to the Democratic party during the Greeley campaign. In 1874 he became a "special" on the reportorial staff of the Brooklyn Eagle. During the Forty-fourth and part of the Forty-fifth Congress, he was special Washington correspondent of the Brooklyn Eagle and Brooklyn Times. In August, 1877, he returned to Brooklyn, and accepted a place on the reportorial staff of the Brooklyn Times, which position he continued to fill until last fall. He was elected to the Assembly by a majority of 1,675 over T. H. Bushfield (Rep.) The Democratic majority in 1881 was 19. The Twenty-fifth ward, ordinarily Republican by 800 majority, gave him a majority of 164, and in the district he ran 657 votes behind Cleveland for Governor, and 107 votes ahead of Slocum for Congressman-at-Large.

I., but is chiefly self-educated. He attended Haverhill Academy, Mass., partly as teacher and partly as student. He was formerly a printer, and was for 41 years editor and proprietor of the New York *Express*. He has supported himself since the age of 84 years. In early life he published the *Gazette*, at Haverhill, Mass., edited the *Portland Advertiser* in the Harrison campaign, and in honor of the part taken by him in the canvass was selected to take the Maine electoral vote to Washington, and was kindly received by Webster and Clay. For a number of years he was a correspondent of New York and Boston Journals at Washington, representing the *Express* for seventeen successive sessions. He occasionally contributes to the magazines and to the New York Journals, and has engaged to some extent in farming. He was lately General Agent of the Associated Press, and is Chairman of its Executive Committee, being one of the founders of the Association. In 1843 he visited Europe, extending his journeyings as far north as Russia, Finland, Sweden and Norway, and as far south as the Lower Danube, Austria and Italy; on the 12th of January, 1844, he married the youngest daughter of Chief Justice Cranch. He is Trustee and Director in the Institution for the Deaf and Dumb, Cornell University, Nursery and Child's Hospital and member of the State Board of Health. In 1880 he was named by the State Board of Health to represent the State of New York at the National Convention for the Promotion of the Public Health, convened at New Orleans. He was an Old Line Whig; chairman of the Whig Young Men's General Committee for several years, and was elected to the State Senate in 1853 and 1855, serving on the Committees on Commerce and Navigation and Education. He was a member of the Constitutional Convention of 1866, '67, and of the Constitutional Commission in 1871, '72. He was the "American" candidate for Governor in 1856, leading the ticket by about 7,000 votes, and was a delegate to the National Conventions which nominated Fillmore, Bell and Seymour. In 1855, '56 he was engaged in controversy with Archbishop Hughes on the church property question, which caused much excitement, and special efforts were made to defeat him for the Senate on account of it. He declined a nomination for Congress in 1858, in favor of Clark, of New York, who was elected. In the State Senate he served on the Committees on Commerce and Cities, and also on Special Committees, and was chairman of the Committee on Charities in the Constitutional Convention. He was a member of Assembly in 1878, '79, '81, '82, serving on the Committees on Ways and Means, Cities, Literature, Rules, State Charitable Institutions, Two-thirds and Three-fifths Bills, and chairman of Ways and Means and Rules in 1882; and was elected to the present House by a majority of 1,171 over Lester Clark (Rep.). ## NEW YORK PARTY PLATFORMS.

## Republican.

*Adopted at Saratoga, September 21, 1882.*

*Resolved*, That the Republican party of New York has no new doctrine to present upon the questions which have heretofore occupied much of public attention, such as honest money, pure elections, the regulation of traffic in intoxicating liquors, protection of home industries, and the necessity of restricting the power and influence of corporations. It is content to be judged by its past declarations and acts.

*Resolved*, That equitable taxation, reaching corporations as well as persons, is approved as a correct system which should be perfected; that the practical results of recent legislation upon this subject fully justify the action of the Republican party in its adoption.

*Resolved*, That monopolies, oppressing the people or unfairly discriminating against local interests, are wrong in principle and should not be tolerated.

*Resolved*, That stringent legislation should be enacted to secure purity and honesty in primary elections, and all possible safeguards should be thrown about these sources of the political action of the people.

*Resolved*, That the practice of appealing to the Legislature to overrule the action of local authorities, when confining themselves within the powers conferred upon them, should be discouraged both by the Legislature and the Governor and should be resorted to only in extreme cases.

*Resolved*, That changes in the fundamental law should not ordinarily be the subject of party action, but they should, when proposed, always be carefully scrutinized by the people, who should signify their wishes in reference to them as generally as they do in their selection of their representatives. We therefore urge the people of the State, without reference to party, to examine, with intelligent care, the Constitutional Amendments submitted to them and give full expression at the polls to their judgment and wishes thereon.

*Resolved*, That while there are varying opinions on the subject of liquors, we subscribe to the principle that propositions on that subject, like all other propositions for a change in the fundamental law, ought to be submitted to the popular vote.

*Resolved*, That the conduct of the Democracy in this State during this year emphatically attests their signal unworthiness of public confidence. They signaled their return to power in the Legislature by wantonly sacrificing the public interests upon the altar of greedy and reckless partisanship. A party which could devote nearly two months to a quarrel of its factions for spoils, but could give no time to the equalization of taxation and to other questions vitally affecting the welfare of our people, insults the intelligence of the electors of New York when it asks them to approve its flagrant abuse of legislative powers by handing over to it the executive branch of the State government.

*Resolved*, That the financial achievements of the Republican administration are next in importance to its work of preservation of the nation itself, as they are attended by the rapid liquidation of a great public debt incurred to meet a national emergency, and by the reduction of the rate of interest to its present low figures; and that it is the policy of the party to bring taxation within the lowest practicable limits, and by the strictest system of economy reduce governmental expenses and the number of those employed in the collection of the revenues, thus relieving the people of unnecessary burdens.

*Resolved*, That the civil service should be placed upon a proper basis by adequate legislation, so as to give facilities for the execution of the law now upon the statute book, with competitive tests for admission to service, so arranged as to secure the necessary qualifications for the positions sought, together

with a fixed term for incumbents, removal from office during the term of appointment to be only for cause.

*Resolved*, That the recent law of Congress designed to suppress polygamy, which offends the general sense of mankind and prevents the administering of justice through the usual instrumentalities of law, approves itself to the people, and that it should be supplemented by such laws as may be necessary to obtain the object in view.

*Resolved*, That the economy and efficiency of the present Republican State administration entitles its members to the highest praise. Governor Cornell's fearless and firm exercise of the veto power, while it has naturally brought down upon him hostile criticism, has shown his determination to protect the interests of the State and the people alike against individuals and corporations.

*Resolved*, That we tender to President Chester A. Arthur our assurance of confidence in his administration and our approval of the wise and patriotic course pursued by him under the embarrassing circumstances of his accession to office. His courage in resisting the enactment of the river and harbor bill, which violated the accepted rules of constitutional power, and which, while authorizing many needed public improvements, carried with it large and wasteful appropriations for works of neither national nor public good, has secured to him the admiration even of enemies.

*Resolved*, That a hearty support be pledged to the nominees of this convention, whose records in public life, distinguished ability and especial fitness commend them to the people's approval at the ballot box.

## Democratic.

*Adopted at Syracuse, September 22, 1882.*

The Democracy of New York, in convention assembled, declare:

*First*—That whereas, the country is again subjected by Republican maladministration to the evils and abuses which afflicted it in 1874, we reaffirm the principles of our platform of that year, under which the Republican party was driven from power and the Government of the State brought back for a time to the practice of economy and honesty.

*Second*—We arraign the Republican party in Congress for its culpable failure to reduce the amount of taxation to a sum sufficient only for the legitimate requirements of the Government under an honest and frugal administration, and we favor such tariff and fiscal reforms as shall relieve an overtaxed people from all unnecessary burdens and prevent the accumulation of a fund to be lavished in profligate legislation and in the support of a horde of useless and idle placemen. In particular we proclaim our condemnation of the River and Harbor bill, in which, by the multiplication and mutual support of obnoxious provisions, an infamous measure purchased its passage through Congress, in disregard of the limitations of the Constitution and to the depravity of the public morals.

*Third*—In the nomination of the Secretary of the Treasury for Governor of New York, by which, in effect, the candidate for the Chief Magistracy of the State was appointed by the President, we see a fresh and dangerous power of public patronage; and urged by this alarming spectacle, we protest against Federal intervention in State elections, and repeat our demand of 1881 for a reform and purification of the Civil Service; and we are further admonished by the recent exposure of Republican corruption of the necessity of forbidding by penal enactment the levying of blackmail from dependent office-holders to promote the interests of a party which finds no support in the intelligent and independent convictions of the people.

*Fourth*—We hold the present Republican administration responsible for unredressed outrages on our

foreign-born fellow-citizens when abroad, and we demand for them the protection to which they are entitled in return for their voluntary allegiance, and which the honor of the American Government requires shall be extended to them.

*Fifth*—We charge that in this State the Republican party has lowered the standard of the public service by its local administration and by the representatives it has sent to the two Houses of Congress; that it has made the State Legislature the instrument of the lobby to rob the public and enrich corporations, and has refused to its Governor the renomination which was due to him by custom because he dared to use his veto power to thwart such purposes in disregard of those who sought to control him by the influence of political and moneyed power.

*Sixth*—We demand the restoration of the New York State National Guard to the efficiency of which it has been deprived, and which made it the representative of the soldierly spirit of the people.

*Seventh*—In order to restore our merchant marine to its former prosperity, we demand immediate revision and amendment of the laws relating to shipping and the carriage of ocean freight.

*Eighth*—We favor the adoption by the next Legislature of the resolution of 1882, providing an amendment to the Constitution for the local self-government of cities.

*Ninth*—Primary elections openly and honestly conducted afford the sure means of securing the most suitable candidates for public offices, thus best preserving a Democratic form of government. We therefore favor the speedy passage of general laws providing against fraud and intimidation at such elections.

*Tenth*—The public welfare demands that the various questions relating to chartered monopolies and the method of transportation should be met and decided, and we are in favor of the adoption of measures to restrict the growing power of such monopolies. They should be subjected to the strict supervision of the Commission now provided by law. All unjust discrimination in the transportation of passengers and merchandise should be prohibited. The charges of corporations which have taken the property of private citizens for public use should be limited to the cost of service, with a reasonable profit, instead of the mercenary exaction of all the traffic will bear; the laws should be so revised that taxation may be reduced as far as possible, and that personal and corporate property may severally pay their fair proportion of taxes.

*Eleventh*—We approve the submission to the vote of the people of the Constitutional Amendment in favor of free canals, and we have full confidence that they will dispose of it in such manner as to promote all the great interests of the State, agricultural, manufacturing and commercial.

*Twelfth*—We reaffirm the policy always maintained by the Democratic party, that it is of first importance that labor should be made free, healthful and receive just remuneration; that convict labor should not come in competition with the industry of law-abiding citizens; that the labor of children should be surrounded with such safeguards as their health, their right of education and their future as useful members of the community demand; that workshops, whether large or small, should be under such sanitary control as will insure the health and comfort of the employed and will protect all against unwholesome labor and surroundings; that labor shall have the same right as capital to combine for its own protection, and that all legislation which cramps industry or which enables the powerful to oppose the weak should be repealed; and to promote the interests of labor, we recommend the collection of statistics and information respecting the improvements, the needs and the abuses of the various branches of industry.

*Thirteenth*—Whereas, the founder of the Democratic party inculcated a frequent recurrence to fundamental principles, the Democracy of New York again avow their fidelity to those tenets of economy, simplicity and respect for the liberty of

the individual which characterized the administration of government in the primitive days of the Republic.

*Fourteenth*—And, also, we arraign the Republican party for its wholesale gifts of the public lands to railroad jobbers, thus robbing the mass of the people of their rightful inheritance, and we demand that, so far as possible, these lands shall be reclaimed and reserved for the occupation of actual settlers; and we request the Democratic Representatives in Congress from the State of New York to use their power to secure this great blessing.

### Greenback-Labor.

*Adopted July 19, 1882.*

That all railroad and telegraph companies doing business under the laws of this State, and which have forfeited their chartered privileges as common carriers by failing to provide suitable and speedy facilities for transacting their business, should immediately be taken possession of by the State and operated for the benefit of the people. That the stock and bonds of all railroad and telegraph companies should be limited to the actual cost of construction and equipment. That no discriminating rates between individuals or communities should be allowed. That the books of the companies representing such property should be open to public inspection, and that commissioners should be elected by the people to carry out these provisions.

That the Penal Code laws enacted by the Legislature of this State violate every principle for which our free government was established; and we demand the repeal of all sections affecting the rights, privileges or liberty of any person not proved guilty of crime under the common law.

That the prison system of the State is an outrage on civilization by bringing honest labor in competition with prison labor, and we demand that the prisons of this State be removed to the mineral lands in the Northern part of the State, that thereafter no mechanical business shall be done therein, and that all sums earned by prisoners in excess of the actual cost of their support should be paid to their families or paid to them at the end of their terms of service.

That incorporated capital, which now holds absolute control over the money, the highways, the public lands, and the Legislature of the State and country, should be restricted in its power to purchase or control large tracts of land; and that all land owned by individuals or corporations in excess of what is required for their personal use, or for the transaction of their business, should be taxed so as to render the ownership valueless.

### Anti-Monopoly.

*Adopted at Saratoga, September 13, 1882.*

We do firmly declare that governments are instituted to promote the welfare, improvement and happiness of the whole people. The rapid accumulation of enormous wealth by persons of moderate ability, not engaged in any productive employment, and consequent impoverishment of laboring millions, whose money these persons absorb, show that the government is not administered on Republican principles. To arrest these processes is indispensable to the performance and stability of the Republic; therefore, good citizens should unite to repress monopolies, reform the pervading vice of gambling in stocks and property, and to secure to all men the just reward of their industry; to establish legitimate competitions, elevate trade and replace the government upon the broad and firm foundations established by our fathers. In a republic the people are supreme. Restrictions upon their power are not implied and do not exist, when plainly expressed in the Federal or State Constitution. Therefore, all corporations which derive their right to exist from the people are subject to the control of the Legislature. All persons, artificial as well as natural, are subject to legislative authority. Corporations employing associative capital in works of public improvement and legitimate enterprise,

too large for individual management, are useful to the people, but the life of such corporations should be limited to a reasonable time, and they should be supervised and controlled in the interest of the people. Therefore, corporations have the right to make charges for service, which, without favoritism or unjust discrimination, will pay the expenses of their economical administration and reasonable dividends on capital actually invested; but commissioners should be provided to supervise or control them. When they conform to the law and objects of their creation, they are entitled to efficient protection. The people have a common interest in reducing the cost to the consumer of the products of farm, mine and factory. The expansion of our territory makes transportation a great factor in this cost, while the combination and pooling of railroads restrict competition. Therefore, the canals, rivers and waterways of the country should be constantly and efficiently maintained. The present management of telegraphs by corporations has resulted in enormous and fictitious capital, which is constantly increasing, with constantly increasing charges for transmission of messages. The public news is distorted, manufactured or suppressed in the interest of stock speculators and others. Therefore, the Federal government should own the telegraph lines and operate them as part of the postal system, establishing a tariff of rates limited to the cost of maintenance and transmission. Savings banks should be established in connection with the post-office department, in which the poor can safely deposit their earnings. The right to issue currency and coin money, under the Constitution, is vested in and ought to be exercised exclusively by the Federal government. The interests of the country prohibit the issue or control of the currency by private persons or corporations. Therefore, the currency issued to National banks should be retired. All currency, whether metallic or paper, should be issued and controlled by the government only, and be redeemable in gold and silver. The public lands are the common inheritance of the whole people and should be reserved for actual settlers. Therefore, lavish grants to railroads should be discontinued and those which have been forfeited by reason of the non-compliance with the terms of the grants should be restored to the national domain. The stability of values and reasonable prices for the necessities of life are essential to the welfare of the people. Therefore, combinations to inflate or depress prices, without regard to value, are immoral and wicked and should be prohibited by law. Labor, its importance as a condition of all production, and its just relations with capital, should be recognized and its rights protected by law. Labor saving machinery, instead of unduly enriching the capitalist, ought to reduce the hours of labor without reducing wages, so that the working man may have more time for recreation and improvement. The right

of laboring men to hold public meetings for peaceable discussion should be protected by law. Therefore, the penal code should be amended and the objectionable sections repealed. A labor bureau should be added to the State departments to collect statistics, procure information, make reports and recommendations to the Legislature for the benefit and protection of labor, with adequate powers in cases of public emergency to arbitrate and arrange questions arising between laborers and corporations, and where the laborers are employed by public corporations, to establish and alter the wages to be paid.

A judiciary, wise in counsel, independent in decision, fearless of consequences and pure in character is indispensable to good government. Therefore, it is one of the first duties of the citizen to vote for such judicial candidates only as possess all these qualifications, and whose personal character is a guarantee that they will keep the ermine unsoiled, and labor to restore the courts to the dignity and purity of the days when Marshall and Kent administered justice in them. The State prisons and penitentiaries are established to prevent crime and reform criminals, not to make profits for private persons or injure the interests of labor. Therefore, the contract systems in these institutions should be abolished, and the labor of convicts be so employed as not to injure the interests of merchants and laboring men. The Legislative right of taxation is unrestricted, and property, not debt, should bear the burdens. The same deduction for just debts owing, now allowed to personal property, should also be applied to real estate, which should not bear, as it now does, nearly ninety per cent of the burthens of taxation. The civil service can never be pure and efficient while place is made the reward of service and political parties levy contributions upon employes. Therefore, civil service must be divorced from politics and reformed. Honesty and efficiency must be made the conditions upon which subordinate offices may be secured or retained. Women have the same unalienable rights as men. Taxation, without representation, is odious. There is no sufficient reason why men should monopolize the ballot. Therefore, men and women should be equal before the law. Women should have equal pay with men, for equal work, and, if they desire to vote, they should be allowed to exercise that right. The present demand of the people is for the election of a Governor and Legislature which will carry into execution the railroad commission bill, abolish free passes on railroads, reform the laws of assessment and taxation and establish labor bureaus, with sufficient powers to protect labor. Therefore, it is the duty of every anti-monopolist and every anti-monopoly league to ascertain whether the candidates of the existing parties will favor these necessary reforms as soon as they are nominated, and if not, see the candidate nominated and elected who will obey the voice of the people.

 ESTD - 1833

## GARGLING OIL

A  
 LINIMENT  
 JOHN HODGE, SEC'Y. — LOCKPORT, N. Y., U.S.A.

MERCHANT'S GARGLING OIL (a liniment for human, fowl and animal flesh) was first prepared and introduced by Dr. Geo. W. Merchant, in Lockport, N. Y., U. S. A., 1833, since which time it has steadily grown in public favor, and is now acknowledged and admitted by the trade to be the standard liniment of the country. When we make this announcement we do so without fear of contradiction, notwithstanding we are aware there are many who are more or less prejudiced against proprietary remedies, especially on account of the many humbugs on the market; however, we are pleased to state that such prejudice does not exist against

GARGLING OIL. We do not claim wonders or miracles for our liniment, but we do claim it has no superior and is without an equal. It is put up in bottles of three sizes, and all we ask is that you give it a fair trial, remembering that the Oil put up with white wrapper (small) is for human flesh, and that with yellow wrapper (three sizes) for animal and fowl flesh.

As these cuts indicate, the Oil is used successfully for external and internal diseases of the human, fowl and animal flesh.

### Cannot be Disputed.

One of the principal reasons of the wonderful success of Merchant's Gargling Oil is that it is its proprietors

do not, as is the case with too many, after making for their medicine a name, diminish its curative properties by using inferior compounds, but use the very best goods to be bought in the market, regardless of cost.

For half a century Merchant's Gargling Oil has been a synonym for honesty, and will continue to be so long as time endures. Especially good for mange in dogs, foot rot in sheep, and roup in poultry. For sale by all respectable dealers throughout the United States and other countries. Established 1833

Our testimonials date from 1833 to the present. Use Merchant's Gargling Oil Liniment, and tell your neighbor what good it has done. Don't fail to follow directions.

**\$1,000 REWARD** for the proof of the existence of a better liniment than "Merchant's Gargling Oil," or a better worm medicine than "Merchant's Worm Tablets."

Extract from a letter from HARLEY & SEARSON, Allendale, S. C., May 9th, 1882.—Your liniment gives general satisfaction. We deem it a better liniment than any other we handle, for both man and beast. The Tablets are simply first-class in their way.

From L. & BISHOP FULLER, Sun Prairie, Dane Co., Wis.—We have used your Gargling Oil upon our horses with decided success. We have used it in case of spavin, and on a wound produced by the kick of another horse, and in case of founder, and in all these we have found the Gargling Oil unparalleled, and superior to any medicine of the kind we ever used.

For Internal and External Use.

Ask your nearest Dealer or Druggist for one of our Almanacs for 1883.

From the Christian Leader N. Y., Oct. 28, '71.

MERCHANT'S GARGLING OIL.—We have made special personal inquiry in regard to the merits of this celebrated remedy, and find it a genuine article of rare value. It is by no means a new remedy. The establishment which produces it dates its manufacture as far back as 1833, since which time it has been steadily growing in public favor. The patentees are among the foremost business men of the city of Lockport. They are every way reliable.

From the Toledo (Ohio) Blade, July 6, 1871.

MERCHANT'S GARGLING OIL.—This Old standard article, under the admirable management of John Hodge, Esq., has reached an enormous sale. It is an honestly compounded article; it has merit, and now that the best business talent of the country is handling it, there is no reason why it should not double its present usefulness. No family can afford to be without it. For family use, as well as for animals, it is simply indispensable.

### SPECIAL NOTICE.

All we ask is a fair trial, but be sure and follow directions.

The Gargling Oil and Merchant's Worm Tablets are for sale by all druggists and dealers in general merchandise throughout the world.

Large Size \$1.00; Medium 50 c.; Small 25 c.; Small Size for family use 25 c.
